Subject: RE: FMCV wants in person Meet

Hillary, let's touch base with Roberto tomorrow when he's back in the office.

It is not clear to me from Jeff's message if he understood that the Enforcement Division/ORC will not be visiting Hopi when the Water Division plans its trip in November. That is why we wanted to set up the meeting prior to those meetings in November.

We should confirm the date for 10/25 for late afternoon (I am assuming we can make this time since we leave Oakland early Wednesday). I think that we should also confirm that the purpose is to meet with First Mesa only at that time including Ivan, Jeff and the FM traditional leader if he is available. I do not know how much detail we want to get into in an email, but the purpose is to discuss with First Mesa the HAMP and any concerns it has, but our goal is to articulate that we support the HAMP and think it is the best viable solution for the Villages affected by arsenic.

Separately, I think we should contact Lionel about potentially setting up a meeting for the 26th with Tribal leadership including if possible anyone from First Mesa who is on the Tribal council. If we are going to be out at Hopi we should take advantage of our time out there and meet with as many entities as possible.

I am working at home tomorrow but am available to discuss (I have a few meetings off and on during the day).

Janet

Hillary,

Jeff Mansfield here from First Mesa Consolidated Villages. I have made contact w/ Mr. Sidney and FMCV would like to see if there is any likelihood that FMCV can meet w/ EPA 9 Enforcement prior to their Hopi Tribal Council "time set-aside" meeting if possible.

The reasoning is that FMCV would like to state key concerns, interest, and priorities pertaining to PWS#400106, in addition to EPA 9 Enforcement's primary point of contact for FMCV's PWS#400106 compliance matters, and EPA 9 Enforcement expectations of PWS#400106.

If this is not possible, FMCV understands and would like to meet on October 25, 2017, in the late afternoon as you have suggested. Thank you for your time and consideration.

Jeff Mansfield

Hello Jeff,

Can we set up the meeting you mention below for later this month? EPA representatives can be available to meet the late afternoon of Wednesday, October 25 or anytime Thursday, October 26. EPA can meet at a location of your choosing and convenience at FMCV. The EPA group will include;

Roberto Rodriguez, Manager, SDWA/FIFRA Enforcement Office,

Thanne Berg, Branch Manager, Water and Pesticides Enforcement Branch,

Janet Magnuson, Attorney, Office of regional Counsel.

EPA would like to inquire if it would be possible for the FMCV's traditional leader, along with the Village Administrator, Mr. Ivan L. Sidney Sr., to be additionally available for this in-person meeting?

Thank you,

Hillary Hecht, P.G.

Enforcement Officer

SDWA/FIFRA Section (ENF-3-3)

Enforcement Division

U.S. EPA Region 9

Hello Hillary,

I've forwarded you the request of an "in-person" meeting w/ EPA Region 9, and EPA Enforcement Region 9 to discuss the HAMP. This request comes from the Village Administrator, Mr. Ivan L. Sidney Sr. who insist that a person to person discussion is necessary w/ regard to the PWS#09-400106.

FMCV understands the time sensitivity of the HAMP w/ regards to funding availability, therefore it would be highly suggested that FMCV receives an immediate response to this request. Thank You

Jeff Mansfield

Emmanuelle,

I've informed Mr. Sidney, Village Administrator, of my attempts to schedule a phone conference meeting w/ FMCV, and yourself. He has directed me to arrange an "in-person" meeting w/ EPA Region 9, and EPA Enforcement R9 to discuss in person HAMP.

I know that the HAMP is time sensitive, therefore FMCV would appreciate an immediate response to FMCV's request. Thanks

Jeff Mansfield
